

**The Florida Bar
Business Law Section
Computer and Technology law Committee**

MINUTES OF MEETING – December 1, 2011

Attendance: Kevin Levy, Chair
Larry Kunin, Vice-Chair
Ury Fischer
Leora Hermann
Joel McTague

Introductions Made

Minutes: Minutes of Annual Meeting approved

Legislative Update: Bill Wiley gave a brief presentation of Business Law Section interests. No issues of current interest to the Computer Law Committee is on the board.

Potential CLE with IP Section:

- Computer Crimes mentioned as potential topic.
- Committee discussed whether to have CLE as at annual meeting or at annual Business Law retreat.
 - o Sunday Retreat CLE
- Committee discussed possibility of having CLE as overlap with IP meeting. IP meeting is normally 3 hours, and Computer Law meeting is 2 hours. Thus, perhaps IP could invite Comp Law members to its last hour of IP CLE.
- Presenters may come out of Comp Law committee.

Potential Sponsor CLE: Data Security CLE for a larger group. Contact Mary Ann, and Alan Aronson. Data breach issues and process can be a topic combined with above.

Visit by Section Leadership:

Mindy Mora: We need rep to communications committee – trying to communicate to members in section what the Comp Law committee is doing.

- Committee needs to look at our website and provide Trace Eller with bullets of what the Committee is focused on (legislation, case law, things with courts, transactions, etc.)
- What Comp Law Committee has on the web is good, but Committee should make it 5 headlines, perhaps with hyperlinks.

Brain Gart: If anyone hears about new Business Law Section sponsors let him know. Bgart@bergersingerman.com

Task forces:

Legislation – see above.

Computer Crime and Civil Remedies.

- Criminal side of law will not always pursue violators, so Committee should consider pushing changes to Section 812.
- Articles: Need to hear back from Oliver and will ask Oliver to also take over Communications per Mindy's request.
- CLE at 2012 annual meeting – see above.
- Joel McTague – Reach out to listserv.

E-Discovery: Nothing to report.

Alan B Grossman Email Scam: Apparently a legitimate attorney was hacked. This appears to be a new kind of scam where email is fake, but Alan Grossman is a real attorney, so the scam looked real.

Recruitment: Law students may be interested in Committee.

Listserv:

- Self-regulating.
- How to publicize, Tracy can solicit people who want to be on listserv.
- Think about listserv etiquette notice.
